### LAST EDITION. CAPRIVI FOR PEACE.

Said to Be Trying to Patch Up  
the Troubles in Germany.

Bismarck Says "The Emperor Still  
His Own Chancellor."

Prussian Diet Refuses to Summon  
Count von Zedlitz.

(BY ASSOCIATED PRESS.)

LONDON, March 21.—The *Times* Berlin correspondent says: "Far from resigning, Chancellor von Caprivi is seeking to prevent the disruption of the cabinet. He will seek to effect a compromise. The first thing to be done is to get rid, once for all, of the Education bill. Another portfolio, probably that of the Interior, can then be offered to Count Zedlitz."

"Rumors have long been current that Herr Herfurth (Minister of the Interior) is in bad health, and only retained office at the express desire of the Emperor."

"The Education bill could be postponed till the next session of the Landtag, but it cannot be completely dropped if Count Zedlitz remains in the cabinet. The Chancellor desires to dispose of the crisis as speedily as possible. It will, therefore, be best to postpone the Education bill until the country has pronounced an opinion."

"Before the conclusion of the general elections the Chancellor could reconstruct his policy and recover from the blow his prestige has suffered. If the country should approve his action, the crisis would be treated simply as a null. If the verdict were adverse, a new course could be steered."

"The Emperor has gone to Hubertusstock today. It is therefore likely that the Emperor will remain there until April. The Emperor gave ill health as the reason for his not receiving Grand Duke Sergius of Russia while the latter passed through Berlin to-morrow on his way home from the Darmstadt festival."

The *Standard's* Berlin correspondent says: "Count Zedlitz insists that he will resign, and is already preparing to quit his official residence. The report that Emperor William addressed him harshly at Thursday's Council compelling him to resign is incorrect."

Berlin, March 21.—Prince Bismarck, in the course of a dinner at the Burgomaster's, where he was a guest yesterday, remarked: "You see, the Emperor is still his own Chancellor."

Berlin, March 21.—Chancellor von Caprivi, who was yesterday summoned by Emperor William to a conference at Hubertusstock, returned to Berlin at 6 o'clock last night.

The Chancellor called upon Dr. von Boettcher, Vice-President of the Prussian Council of Ministers, and conferred with him on the Ministerial crisis.

Berlin, March 21.—The vote on the bill removing the sequestration placed by the Prussian Government upon the property of the late King George of Hannover, commonly known as the Guelic Fund bill, was opened in the lower House of the Prussian Diet today. The only Minister present was Dr. Michel, Prussian Minister of Finance.

Before the debate on the Fund bill began the House passed an order reading: "The bill dealing with pensions for ex-soldiers."

Herr Richter moved to adjourn the debate on the bill, on the ground of the cabinet crisis and the absence of Count von Zedlitz, Treasurer, Minister of Ecclesiastical Affairs.

Dr. Michel opposed the motion, declaring that the Ministers continued in their duties so long as they were not dismissed. He also pointed out the fact that he, a member of the Government, was present.

After a further brief motion that the House require the attendance of Count von Zedlitz, the debate was closed.

Both motions by Herr Richter were defeated.

### ELLIS ISLAND MAKESHIFTS.

Private Ferry at \$75 a Day and a Useless Telegraph Line.

Main Building Not Accepted, Its Foundations Being Weak.

(BY ASSOCIATED PRESS.)

WASHINGTON, March 21.—The Senate and House Committee on Immigration sitting jointly today continued to question Assistant Secretary McMillan as to the manner in which the appropriation to complete the buildings on Ellis Island have been expended. Consulting some documents, Mr. McMillan, at the request of the Committee gave the total number of awards of contracts and acceptances as sixty-eight, of which number thirty-two were awards and thirty-six additional contracts. Of the whole number, fifteen contracts were let after due advertisement in the press, fourteen by circular letter and the remainder under other terms.

The construction of a naphtha launch, he said, had been authorized by Secretary William, and it was constructed at a cost of \$1,000, without contract.

Chairman Stump asked Mr. McMillan as to the cost of the launch, and he replied that it was \$1,000. The answer was that the launch was not necessary, and that the island ought to be built on a more solid foundation.

Mr. Stump suggested that the immigrants should be put into the immigration room at Ellis, costing over \$12,000, to which Mr. McMillan responded that it was done, and would be so used for the immigration room.

### EAST AFRICAN TOWN IN PERIL.

Quilimane Surrounded by an Army of 6,000 Natives.

Bismarck Taken Suddenly Ill—General Cable News.

(BY ASSOCIATED PRESS.)

Mozambique, March 21.—A dispatch from Quilimane, which town is besieged by a force of 6,000 natives, states that the blacks have assumed a more menacing attitude and immediately threatened an attack upon the place. The most intense excitement prevails. Every man and boy in Quilimane capable of handling a gun has been armed, and the inhabitants are prepared to hold the place to the last extremity. The outposts are closely guarded, to prevent, if possible, the natives making one of the rushes en masse that distinguish their method of warfare.

The British torpedo cruiser *Mohawk*, mounting six guns, has been ordered to Quilimane from Mozambique. A Portuguese gunboat, with 100 soldiers on board, has already been despatched to Quilimane, and the natives post no more attacks until the warships reach there it is believed they can be easily routed.

The construction of a naphtha launch, he said, had been authorized by Secretary William, and it was constructed at a cost of \$1,000, without contract.

### HER HENRY WAS SO JEALOUS.

Fearing She Would Marry Some One Else He Cut His Throat.

Dora Perelman's Lover Is Now a Cold and Painless Corpse.

(BY ASSOCIATED PRESS.)

Henry Jacobson, a tailor, twenty-six years old, cut his throat with a razor at his home, 125 Suffolk street, this morning with a fatal intent. He was removed to Governor Hospital, where he died.

He was in love with Dora Perelman, seventeen years old, a Jewess, who is employed in Delury's tailor store, on Sixth avenue and Fourth street. She is pretty, and lives with her married sister, Mrs. Frenkel, at 107 Clinton street.

Jacobson became acquainted with her about eight months ago, and they have kept company ever since. Henry adored her, but she did not care much for him.

Some one told him yesterday that Dora had given him up, and was going to be married last night to another young man.

Henry was dependent all morning, and about 1 o'clock in the afternoon he left home and stood waiting for the girl at the corner of Broadway and City street. About 3 o'clock she came out to get some cold-water, and Henry accosted her and accused her of having given him up.

"Dora, I hear you are going to be married tonight. Is that so?" he asked.

Henry persisted, however, and said he knew positively that she was going to be married.

"Here's your picture. To-morrow you will see an edition. With these words he left her, about 7:30 this morning, Henry's home, and he had been with her that evening.
